

BLACK LIVES MATTER

On behalf of the Pine Hills Neighborhood Association, we stand with the Black Lives Matter movement and its fight for justice and equality for all.

We stand against racism and the mistreatment of people of color everywhere. We acknowledge that people of color in this country and in our own community have been mistreated, oppressed, abused, and underserved. It is beyond time to implement permanent change in policies, laws, the justice system, and the conditions in which people live and work.

We understand that this is a traumatizing and emotion-evoking time for communities. We believe that neighborhoods can solve issues, promote healing, and become stronger when we stand together. In our efforts to improve the Pine Hills Neighborhood, we have zero tolerance for racism or any other form of discrimination.

Please join us in a firm stance against the legacy of discrimination and racial injustice to envision a kinder world, where neighbors can rely on each other, and where all feel welcome.

Because Black Lives Matter.

PHNA Board Resolution (9/10/20)
